

## First Universalist Church Sanctuary and Resistance

The Sanctuary and Resistance work is rooted in our Unitarian Universalist 7 guiding principles.  
We struggle in **Resistance** to the injustice of the immigration system, and work for system change.  
We walk with, accompany, and provide **Sanctuary** for those who are directly impacted by injustice.  
*We work to create a world community with peace, liberty and justice for all,  
with respect for the interdependent web of all existence of which we are part.*
